...and into the future

G&A Have the products

**THE ONE-PIECE MAILING SYSTEM
 - PRESSURE SEAL**

POSTMATE III

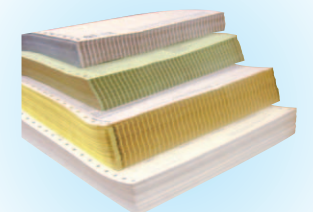

- Flexible & simple off-line
(in-line option Mail Finisher 4300)
- 6000 x A4 fold & seal per hour
- 1000 sheer capacity (plain paper) infeed
- Medium to High Volume use

The low cost alternative for secure documents. One piece mailers printed, folded and sealed automatically, therefore minimising time and improving efficiency. A pre-paid postage mark (PPI) could also eliminate the need for franking/stamps. From PC to mailroom without the use of an envelope.

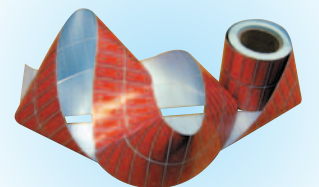

POSTMATE V

- Stand Alone Model (off-line)
- 3600 x A4 fold + sealed per hour
- Quiet, Compact & Economical
- Click Open Easy Access Design
- Hand re-feed (Repair Seal)

and services to move your systems forward...

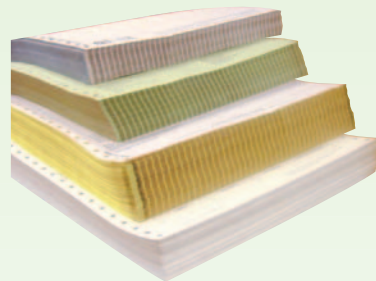

BOOKS & PADS

Believe it or not, books and pads are still an expanding product. Our range at G&A offers:

- A4 NCR Pads
- Wire-stitched Books
- Sophisticated Numbering
- 1-6 Parts
- Punching
- Desensitising
- Printed covers and Writing shields
- With large and small quantities, G&A can meet every customer's needs.

CONTINUOUS STATIONERY

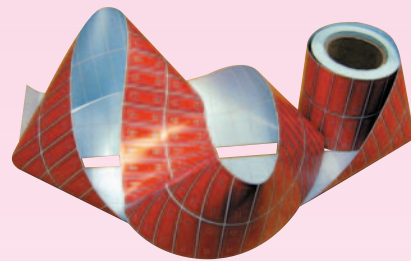

From conception through to design, proofing and delivery, G&A offer a fast, economic range of bespoke forms:

- Full range of sizes
- Continuous cheques and giros
- Datamakers and security pay advice
- Four colour process
- Small and large quantities
- Rapid response times
- Warehousing and distribution

Full range of Printed Envelopes

- Overprinted stock
- Bespoke manufacture
- Die-cutting
- Four colour process

LABELS

The full range of self-adhesive labels, finished in A4 sheets, packs or rolls.

- Laser and thermal
- Synthetic materials for specialist applications
- Foil and hologram application
- All printed up to 6 colours
- Standard sizes available
- Stock A4 laser labels
- Storage and call-off facilities

High quality personalisation via cold fusion laser, often used for sequential bar-coding, is available in-house.

If you are unsure of the right material for any application, our experienced sales team are available to offer advice.

INTEGRAL LABELS & CARDS

- Membership Cards
- Picking Lists
- Scent impregnated Labels
- Magnetic Labels

Utilise this new innovative product within your company's marketing strategy or as a functional form improving efficiency.

- A4 Laser Sheets
- Large and small runs
- Four colour process
- Ream wrapping

DIGITAL COLOUR

Digital colour offers astounding quality, faster turnaround and lower cost for short run 4 colour print.

This new digital technology accepts a variety of file types, prints direct from file, requires no films or plates and now opens up an infinite variety of 4 colour applications previously prohibited by cost.

Variable print offers personalisation of both text and images on each printed page.

Ideal for:

- Promotional Documents
- Journals and Newsletters
- Handbooks, Manuals and Booklets
- Price Lists and Parts Lists
- Membership / Identity Cards

PERSONALISATION & MAILING

We have developed a very successful business specialising in secure laser personalisation fulfilment. A number of blue chip clients have recognised the significant savings we can offer by producing their invoice and statement runs remotely. Data is transferred electronically with documents often mailed same day!

Envelopes are presented to the Royal Mail in pre-sorted order, saving the client up to 13% on their monthly postal bill.

- High speed laser printers
- Multiple inserts
- Council Billing
- Cheque Mailings
- Billing and Statement runs
